

# Impact of New Technology on Next-Generation Leadership

Part of the Advances in Business Strategy and Competitive Advantage Book Series

Alka Agnihotri (Galgotias University, Greater Noida, India), Renu Agarwal (UTS Business School, Australia), Alka Maurya (Amity University, Noida, India), Manasi Sinha (Galgotias University, India) and Balamurugan Balusamy (Shiv Nadar Institution of Eminence, India)

## Description:

The rapid advancement of technology is disrupting traditional leadership paradigms, challenging leaders to adapt to new ways of thinking and operating. Emerging technologies such as artificial intelligence, robotics, and the Internet of Things are revolutionizing industries, creating a pressing need for leaders who can navigate this digital landscape effectively. However, many leaders need to gain the knowledge and skills to harness these technologies to their full potential, leading to missed opportunities and ineffective leadership practices.

**Impact of New Technology on Next-Generation Leadership** offers a comprehensive solution to this pressing challenge. This book provides a deep dive into how emerging technologies reshape leadership roles and responsibilities, offering practical insights and strategies for leaders to thrive in this new era. Through detailed case studies and expert analysis, this book equips leaders with the tools and knowledge to leverage technology for strategic advantage, enhancing their decision-making and organizational effectiveness.

Readers will thoroughly understand the latest trends and expectations in leadership, enabling them to anticipate and adapt to future changes. This book is essential reading for graduates, post-graduates, and professionals in management and related fields, as well as academics and researchers seeking to stay ahead in the ever-evolving leadership landscape. Whether you're a seasoned executive or a budding leader, **Impact of New Technology on Next-Generation Leadership** provides the insights and guidance needed to succeed in the digital age.
