

# Achieving Open Justice through Citizen Participation and Transparency

Part of the Advances in Public Policy and Administration (APPA) Book Series

Carlos E. Jiménez-Gómez (Department of Justice of the Autonomous Government of Catalonia, Spain) and Mila Gascó-Hernández (Institute of Public Governance and Management, ESADE Business and Law School, Spain)

## Description:

Open government initiatives have become a defining goal for public administrators around the world. However, progress is still necessary outside of the executive and legislative sectors.

**Achieving Open Justice through Citizen Participation and Transparency** is a pivotal reference source for the latest scholarly research on the implementation of open government within the judiciary field, emphasizing the effectiveness and accountability achieved through these actions. Highlights the application of open government concepts in a global context.

## Readers:

This book is ideally designed for public officials, researchers, professionals, and practitioners interested in the improvement of governance and democracy.
