

Oncological and Endoscopical Dilemmas in Modern Gynecological Clinical Practice

Part of the Advances in Medical Diagnosis, Treatment, and Care Book Series

Konstantinos Dinas (Aristotle University of Thessaloniki, Greece),
Stamatios Petousis (Aristotle University of Thessaloniki, Greece),
Matthias Kalder (Philipps-University Marburg, Germany), and
George Mavromatidis (Aristotle University of Thessaloniki, Greece)

Description:

For the past decade or so, research regarding women's health has become a major source of concern among health professionals. Due to the vast amounts of research, it has been difficult to amass a comprehensive source describing the challenges of physicians in this area of medical treatment and care.

Oncological and Endoscopical Dilemmas in Modern Gynecological Clinical Practice is a pivotal reference source that provides vital research on the application of clinical practices in regards to the health of women and prevention of severe, life-threatening diseases. While highlighting topics such as mental health, women's health, and preventative care, this publication provides an insight into critical dilemmas and issues in modern gynecologic oncology and endoscopy as well as the methods of daily clinical practice. This book is ideally designed for obstetricians, gynecologists, specialized physicians, medical professionals, academicians, researchers, and medical students.

ISBN: 9781799842132
