

# Impact of AI and the Evolution of Future Ghost Kitchens

Kuldeep Singh (Amity University, Haryana, India)

Sanjeev Kumar (Lovely Professional University, India)

Mohammad Badruddoza Talukder (International University of Business Agriculture and Technology, Bangladesh)

## Description:

The rise of artificial intelligence (AI) reshapes industries across the globe, and one of the most notable transformations occurs within the food service sector, particularly through the evolution of ghost kitchens. Ghost kitchens, or virtual kitchens, are delivery-only establishments that operate without a traditional storefront, relying heavily on technology and AI to operate. As AI advances, its integration into ghost kitchen models may revolutionize the way food is prepared, delivered, and consumed. From streamlining kitchen workflows to enhancing customer personalization, AI could drive efficiency, reduce costs, and improve the overall dining experience. The convergence of AI with ghost kitchens may be the future of food service, where innovation, automation, and convenience integrate to meet the growing demand for to-go meals in a digital world.

**Impact of AI and the Evolution of Future Ghost Kitchens** explores how AI improves cloud kitchens, satisfies client preferences, and manages available resources. It offers guidelines on AI's application for cloud kitchen systems and examples of its effective implementation. This book covers topics such as customer experience, digital technology, and food delivery, and is a useful resource for business owners, food service professionals, computer engineers, academicians, researchers, and data scientists.

**ISBN:** 9798337304328 **Pages:** 550 **Copyright:** 2025 **Release Date:** 04-11-2025

**Hardcover:** \$305.00 **Softcover:** \$230.00 **E-Book:** \$305.00 **Hardcover + E-Book:** \$460.00

## Topics Covered:

Artificial Intelligence	Ghost Kitchens
Cloud Kitchens	Machine Learning
Cloud Technology	Robotics
Customer Experience	Smart Technology
Data Privacy and Security	Supply Chain Management
Digital Technology	Sustainable Development
Food and Beverage Industries	Virtual and Augmented Reality
Food Delivery	Virtual Kitchens
Food Waste Management	

**Subject:** Business and Management

**Readership Level:** Advanced-Academic Level (Research Recommended)

**Classification:** Edited Reference

**Research Suitable For:** Advanced Undergraduate Students; Graduate Students; Researchers; Academicians; Professionals; Practitioners
