## Intelligent Image and Video Interpretation: Algorithms and Applications

**Jing Tian (Wuhan University of Science and Technology, China) and Li Chen (Wuhan University of Science and Technology, China)**

**ISBN: 9781466639584; © 2013; 277 pp.**

Intelligent Image and Video Interpretation: Algorithms and Applications covers all aspects of image and video analysis from low-level early visions to high-level recognition. This publication highlights how these techniques have become applicable and will prove to be a valuable tool for researchers, professionals, and graduate students working or studying the fields of imaging and video processing.
