Sustainability Science for Social, Economic, and Environmental Development

Part of the Practice, Progress, and Proficiency in Sustainability Book Series

Nilanjan Ghosh (Multi Commodity Exchange of India Limited, India) and Anandajit Goswami (The Energy and Resources Institute, India)

While the effects of climate change become ever more apparent and pressing, the discussion of sustainable practices and environmental protection is a common overture among the academic and scientific communities. However, in order to be truly effective, sustainable solutions must be tested and applied in real-world situations.

Sustainability Science for Social, Economic, and Environmental Development investigates the role of sustainability in the everyday lives of ordinary citizens, including issues of economy, social interaction, exploitation of natural resources, and sources of renewable energy. In this book, researchers, policy makers, economists, scientists, and general readers will all find crucial insight into the parallels between theory and practice in sustainable development.

Topics Covered:

- Sustainable Development
- International Trade
- Environmental Management
- Gender Issues
- Economic Growth
- Energy Security
- Natural Resource Economics
- Renewable Resources
- Social Networks and Social Capital

ISBN: 9781466649958; © 2014; 204 pp.

Print: US \$195.00 | Perpetual: US \$295.00 | Print + Perpetual: US \$390.00

Market: This premier publication is essential for all academic and research library reference collections.

It is a crucial tool for academicians, researchers, and practitioners. Ideal for classroom use.

Nilanjan Ghosh is an ecological economist by training, with interests in environmental and development of economics, and commodity derivatives markets. Presently, he serves as the Chief Economist at Multi Commodity Exchange of India Limited. His previous stints in his research and consulting career include institutions like Takshashila Academia of Economic Research (a sister concern of MCX (I) Limited), The Energy and Resources Institute (TERI), TERI University, among others. He had been a Visiting Fellow at the School of Social Sciences, Växjö University (now Linnaeus University LNU) in December 2008. Nilanjan had been involved in various global environmental assessments, including the UNEP's flagship GEO-4 as Lead Author. He has conducted research and consultancy projects funded by WWF, UNCTAD, UNEP, and many others. He has published 5 books (3 authored + 2 co-edited), and a host of peer-reviewed journal papers and book chapters, apart from popular articles in newspapers and periodicals. Presently the Vice President of Indian Society for Ecological Economics (2012-14), he has previously served as the Society's Secretary (2010-12). Nilanjan obtained his Ph.D. (Fellow of IIM) from Indian Institute of Management Calcutta, and Masters' in Economics from Jadavpur University, Kolkata, India.
