Technology, Innovation, and Enterprise Transformation

Premier Reference Source

Technology, Innovation, and Enterprise Transformation

Manish Wadhwa and Alan Harper

Part of the Advances in Business Information Systems and Analytics Book Series

Manish Wadhwa (Salem State University, USA) and Alan Harper (South University, USA)

Technical advancements are an important part of modern society, but particularly important in the business world. The success or failure of business operations can be affected by the technical operations working within it.

Technology, Innovation, and Enterprise Transformation addresses the crucial relationship between a business and its technical implementations, and how current innovations are changing how the industry operates. Highlighting current theoretical frameworks, novel empirical research discoveries, and fundamental literature surveys, this book is an essential reference source for academicians, professionals, and researchers who are interested in the latest technical insights within the business field.

Topics Covered:

- Business Intelligent Systems
- Cloud Computing
- Corporate Finance
- Financial Market Evolution
- Green IT
- Mobile Computing
- Radio Frequency Identification (RFID)
- Social Media

ISBN: 9781466664739; © 2015; 378 pp.

Print: US \$195.00 | Perpetual: US \$295.00 | Print + Perpetual: US \$390.00

Market: This premier publication is essential for all academic and research library reference collections. It is a crucial tool for academicians, researchers, and practitioners. Ideal for classroom use.

Manish Wadhwa, PhD, is Assistant Professor in the Department of Computer Science at Salem State University (SSU), joined in Fall 2013. He is also the Program Coordinator of the Information Technology (IT) Program. At SSU, his major task is to work on the curriculum for a new IT Program and its approval by the school and state boards. The new IT program, projected to begin in 2015-2016, is ABET accreditation ready. Previously, Dr. Wadhwa worked as Program Director of Information Technology at South University. He joined South University in July 2011 and was responsible for managing the department of Information Technology within the College of Business and overseeing the Associates, Bachelors, and Masters in IT. Dr. Wadhwa has a PhD and MS in Electrical and Computer Engineering from Old Dominion University and University of Wisconsin Milwaukee, respectively. He has published in various journals and conference proceedings.
