

Digitizing the Modern Library and the Transition From Print to Electronic

Part of the Advances in Library and Information Science Book Series

Raj Kumar Bhardwaj (St. Stephen's College, University of Delhi, India)

Description:

The development of online digital libraries has enhanced the availability of printed materials. By implementing these systems, this ensures the access of material to universities, students, and bibliophiles.

Digitizing the Modern Library and the Transition From Print to Electronic is a pivotal reference source for the latest techniques and initiatives needed to transition libraries into the digital age. Featuring extensive coverage on relevant areas such as electronic resource management, library management software, and semantic web, this publication is an ideal resource for faculty members, research scholars, students, information specialists, and librarians in universities and in academic, public, and special libraries.
