

# Curriculum Development for Gifted Education Programs

Part of the Advances in Educational Technologies and Instructional Design Book Series

Jessica Cannaday (Azusa Pacific University, USA)

## Description:

Diverse learners with exceptional needs require a specialized curriculum that will help them to develop, socially and intellectually, in a way that traditional pedagogical practice is unable to fulfill. As educational technologies and theoretical approaches to learning continue to advance, so do the opportunities for exceptional children.

**Curriculum Development for Gifted Education Programs** is a critical scholarly resource that examines the development of coursework for gifted and talented students. Featuring coverage on a broad range of topics, such as constructivism, diversity responsive method, and teacher training, this book is geared towards academicians, researchers, gifted education teachers, supervisors, directors, and administrators.
