## Digital Democracy and the Impact of Technology on Governance and Politics: New Globalized Practices

Christina M. Akrivopoulou (Democritus University of Thrace, Greece)  
and Nicolaos Garipidis (Aristotle University of Thessaloniki, Greece)

The evolution of modern technology has allowed digital democracy and e-governance to transform traditional ideas on political dialogue and accountability.

**Digital Democracy and the Impact of Technology on Governance and Politics: New Globalized Practices** brings together a detailed examination of the new ideas on electronic citizenship, electronic democracy, e-governance, and digital legitimacy. By combining theory with the study of law and of matters of public policy, this book is essential for both academic and legal scholars, researchers, and practitioners.

### Topics Covered:

- Digital Democracy
- E-Governance
- Electronic Citizenship
- Globalization
- Information Communication Technology
