

Handbook of Research on Science Education and University Outreach as a Tool for Regional Development

Part of the Advances in Educational Marketing, Administration, and Leadership Book Series

B. Pandu Ranga Narasimharao (Indira Gandhi National Open University IGNOU, India), Elizabeth Wright (Keck Graduate Institute (KGI), USA), Shashidhara Prasad (University of Mysore, India) and Meghana Joshi (Keck Graduate Institute (KGI), USA)

Description:

Higher education institutions play a vital role in their surrounding communities. Besides providing a space for enhanced learning opportunities, universities can utilize their resources for social and economic interests.

The **Handbook of Research on Science Education and University Outreach as a Tool for Regional Development** is a comprehensive reference source for the latest scholarly material on the expanded role of universities for community engagement initiatives. Providing in-depth coverage across a range of topics, such as resource sharing, educational administration, and technological applications, this handbook is ideally designed for educators, graduate students, professionals, academics, and practitioners interested in the active involvement of education institutions in community outreach.
