

# Internet Taxation and E-Retailing Law in the Global Context

Part of the Advances in Electronic Commerce Book Series

Sana Moid (Amity University, India) and Shailja Dixit (Amity University, India)

## Description:

As business becomes more globalized and developed within the era of the internet, marketing activities are affected by evolving technologies. Challenges arise in addressing the issues of cross-policy and cross-border business in the digital age.

## Internet Taxation and E-Retailing Law in the Global Context

provides emerging research on the methods and approaches to determine the appropriate tax policies for e-retailers within the global framework. While highlighting topics such as cross-border taxation, digital economy, and online management, this publication explores the developing avenues of online financial analysis and taxation. This book is an important resource for business leaders, financial managers, investors, consumers, researchers, and professionals seeking current research on the different issues surrounding online business and e-commerce from an international standpoint.
