

# Diverse Learning Opportunities Through Technology-Based Curriculum Design

Part of the Advances in Educational Technologies and Instructional Design Book Series

Demetrick Williams (Rowan University, USA) and N. Nsombi Harkness (The Independence Center CNA School, USA)

## Description:

The infusion of technology into curriculum influences the methods and techniques used to educate the student population. By integrating effective technology in education, teachers are provided with a better opportunity to adapt and enhance the learning experience for students from various backgrounds.

**Diverse Learning Opportunities Through Technology-Based Curriculum Design** provides innovative insights into the development and advancement of online instruction and educational technology to engage students from diverse backgrounds. The content within this publication addresses academic performance, technology integration, and online learning. It is geared towards educators, educational software developers, instructional designers, and researchers, and it covers topics centered on the methods to adjust, adapt, and implant the newest technology into contemporary curriculum.
