

Approaches to Support and Professionalization in Inclusive Higher Education:

Maria Denami, (Université de Haute Alsace, France)
 Saloua Bennaghmouch, (Université de Haute Alsace, France)
 Nathalie Gavens, Université de Haute Alsace, France)

Description:

Inclusive higher education ensures all students have equal opportunities to participate and succeed in academic environments. As universities become diverse, there is a need for effective support systems and professionalization strategies that promote accessibility, equity, and student well-being. Approaches to inclusive higher education include academic accommodation, assistive technologies, mentoring programs, counseling services, and collaborative teaching practices designed to meet learning needs. Professionalization prepares educators, administrators, and support staff with the knowledge and skills necessary to create welcoming and responsive learning environments. By integrating institutional support with professional development, higher education institutions may enhance student engagement, academic achievement, and social participation for all learners.

Approaches to Support and Professionalization in Inclusive Higher Education explores the practices, tools, and mechanisms that foster inclusion in higher education. It focuses on institutional initiatives, pedagogical and digital innovations, and strategies for support and professionalization of students with disabilities and learners with specific educational needs. This book covers topics such as pedagogy, professional development, and digital technology, and is a useful resource for educators, academicians, researchers, and scientists.

ISBN: 9798337389936 **Pages:** 300 **Copyright:** 2026 **Release Date:** 6/5/2026

Hardcover: \$150 **Softcover:** \$110 **E-Book:** \$145 **Hardcover + E-Book:** \$150

Topics Covered:
