

# Perspectives on Critical Race Theory and Elite Media

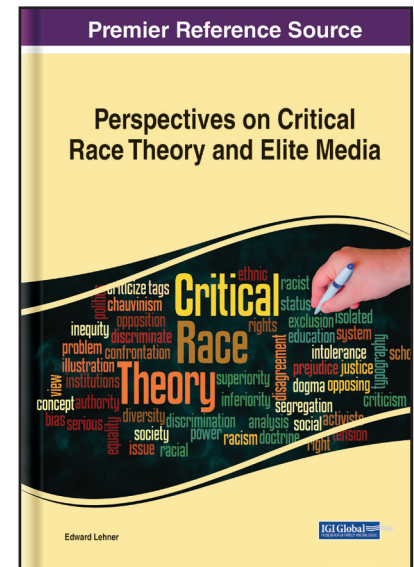

Part of the Advances in Religious and Cultural Studies Book Series

Edward Lehner (Opulen, USA)

## Description:

In the modern world, ideology is prominent in elite educational journalism. Because of this, for many audiences, it is not apparent what is a myth and what is fact. For time immemorial, journalism has striven to reconcile these challenges.

**Perspectives on Critical Race Theory and Elite Media** uses the tools of critical theory and critical race theory to critique how journalism now resides in something other than reporting facts and considers how elite media instantiates a new understanding of a complicated world. Covering key topics such as segregation, equity, media dissemination, and religious language, this premier reference source is ideal for sociologists, industry professionals, researchers, academicians, scholars, instructors, and students.
