

Strategies for Cultural Assimilation of Immigrants and Their Children: Social, Economic, and Political Considerations

Part of the Advances in Religious and Cultural Studies Book Series

Harish Chandra Chandan (Independent Researcher, USA) and
Bryan Christiansen (Independent Researcher, USA)

Description:

When immigrants leave their home country to live in a host country that has a different culture, the acculturation process begins. There is subtle cultural, social, and political pressure on immigrants to adopt the cultural values of the host nation. The acculturation process occurs over time. Exposure to a new culture is often stressful, as one is exposed to new values, beliefs, and behaviors that may be different from their home culture.

Strategies for Cultural Assimilation of Immigrants and Their Children: Social, Economic, and Political Considerations increases awareness of the cultural assimilation process among parents, children, employers, and educators. This book discusses internal conflicts and promotes harmony and understanding. Covering topics such as civic literacy, mental health, and identity formations, this premier reference source is an excellent resource for sociologists, psychologists, government officials, educators and administrators of both K-12 and higher education, students of higher education, librarians, researchers, and academicians.

ISBN: 9781668448397

Pages: 300
