

# Computational Models and Algorithms in Medicine (IJCMAM)

An official publication of  
the Information Resources  
Management Association

Vol. 1, No. 3  
July-September, 2013  
ISSN: 1947-3133

INTERNATIONAL JOURNAL OF  
**Computational Models  
and Algorithms  
in Medicine**

 IGI PUBLISHING  
Publisher of IT books, journals and cases since 1988  
[www.igi-global.com](http://www.igi-global.com)

ISSN: 1947-3133; EISSN: 1947-3141  
Established 2010; Published Quarterly

**Editor(s)-in-Chief:** Mehdi Khosrow-Pour (Information Resources Management Association, USA)

The **International Journal of Computational Models and Algorithms in Medicine (IJCMAM)** provides comprehensive coverage of computational capabilities, prototypes, and algorithms for medical applications. IJCMAM covers methods for organizing, retrieving, managing, and discovering data found in medicine, as well as includes articles that deal with different types of data such as numeric, text, temporal, spatial, and multimedia. This journal offers state-of-the-art research on unique characteristics of issues in medicine and innovative techniques to solve them.

## Individual Pricing

Print + Free E-Access: **\$320.00**

E-Access Only: **\$300.00**

## Institution Pricing

Print + Free E-Access: **\$895.00**

E-Access Only: **\$845.00**

## Topics Covered:

- Association rules in medical applications
- Bioinformatics
- Biomedical data mining
- Biomedical terminologies and ontologies
- Classification and prediction models in medicine
- Clinical decision support
- Clinical trials
- Clustering medical data
- Computer-aided annotation
- Data and knowledge representation in medicine
- Disease detection
- Disease management
- Disease monitoring
- Drug discovery
- Efficient algorithms for processing medical data
- Evaluation of clinical knowledge
- Extraction of functional information from biomedical literature
- Impact of e-health and smart technology on patient management
- Knowledge acquisition in medicine
- Medical image mining
- Medical information modeling and sharing
- Mining temporal data in medicine
- Personalized medicine
- Principal component analysis
- Text mining for biomedicine
- Trust and privacy issues in medicine

## SUBMISSION INFORMATION

Prospective authors should note that only original and previously unpublished articles will be considered. INTERESTED AUTHORS MUST CONSULT THE JOURNAL'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at <http://www.igi-global.com/journals/guidelines-for-submission.aspx> PRIOR TO SUBMISSION. All article submissions will be forwarded to at least 3 members of the Editorial Review Board of the journal for double-blind, peer review. Final decision regarding acceptance/revision/rejection will be based on the reviews received from the reviewers. All submissions must be forwarded electronically.

All submissions and inquiries should be directed to the attention of:

Mehdi Khosrow-Pour, [IJCMAM@igi-global.com](mailto:IJCMAM@igi-global.com)

All manuscript submissions to IJCMAM should be sent through the online submission system:

<http://www.igi-global.com/authorseditors/titlesubmission/newproject.aspx>

## EDITOR-IN-CHIEF BIO

Mehdi Khosrow-Pour, D.B.A. received his Doctorate in Business Administration from the Nova Southeastern University (Florida, USA). Dr. Khosrow-Pour taught undergraduate and graduate information system courses at the Pennsylvania State University – Harrisburg for 20 years. He is currently Executive Editor at IGI Global ([www.igi-global.com](http://www.igi-global.com)). He also serves as Executive Director of the Information Resources Management Association (IRMA) ([www.irma-international.org](http://www.irma-international.org)), and Executive Director and President of the World Forgotten Children's Foundation ([www.world-forgotten-children.org](http://www.world-forgotten-children.org)). He is the author/editor of over twenty books in information technology management. He is also the editor-in-chief of the *Information Resources Management Journal*, the *Journal of Cases on Information Technology*, the *Journal of Electronic Commerce in Organizations*, and the *Journal of Information Technology Research*, and has authored more than 50 articles published in various conference proceedings and scholarly journals.
