

# An Excellent Addition to Your Library!

Released: February 2013

## Communication in Transportation Systems

ISBN: 9781466629769; © 2013; 482 pp.

Print: US \$190.00 | Perpetual: US \$285.00 | Print + Perpetual: US \$380.00

### Pre-pub Discount:\*

Print: US \$180.00 | Perpetual: US \$270.00

\* Pre-pub price is good through one month after publication date.

**Otto Strobel**  
(Esslingen University of Applied Sciences, Germany)

Typically, communication technology breakthroughs and developments occur for the purposes of home, work, or cellular and mobile networks. Communications in transportation systems are often overlooked, yet they are equally as important.

**Communication in Transportation Systems** brilliantly bridges theoretical knowledge and practical applications of cutting-edge technologies for communication in automotive applications. This reference source carefully covers innovative technologies which will continue to advance transportation systems. Researchers, developers, scholars, engineers, and graduate students in the transportation and automotive system, communication, electrical, and information technology fields will especially benefit from this advanced publication.

### Topics Covered:

- Automotive Engineering Communication Systems
- Systems and Software Engineering
- Web Technologies & Engineering
- Media Oriented Systems Transport (MOST)
- FlexRay, Time Triggered CAN (TT-CAN) and Protocol (TTP)
- Local Interacting Network (LIN)
- Wire-Based, Cable-Optic and Optical Wireless Communication
- WLAN Systems
- Ultrasonic Communication
- Sensor Systems

**Market:** This premier publication is essential for all academic and research library reference collections.

It is a crucial tool for academicians, researchers, and practitioners. Ideal for classroom use.

**Otto A. Strobel** is Head of Physics Institute and Director of Physics Laboratory, Faculty of Basic Sciences at Esslingen University of Applied Sciences, Germany. He passed an Apprenticeship in electrical engineering. He received his Dipl.-Phys. and Dr.-Ing. degree from Technical University of Berlin in 1980 and 1986 and his Dr. h.c. degree in 2005 from Moscow Aviation Institute, National Research University, Russia. In 2011 he was awarded as Honorary Professor by the Tecnológico de Monterrey, Mexico. He performed more than 30 visiting professor stays worldwide. He is author of about 90 publications in the field of fiber-optic technologies and optoelectronics, also author of the textbook (in German language) *Technology of Lightwave-Guides in Transmission and Sensing* (VDE 2012, 3rd edition), co-author of the text book (in German): *Photonics* (Springer, 2005) and co-author of the reference book *Resilient Optical Network Design: Advances in Fault-Tolerant Methodologies*, IGI Global, Hershey, PA, USA 2011. Furthermore he is honorary workshop chair at the “International Conference on Transparent Optical Networks ICTON”, chair member of the “International Workshop on Telecommunications IWT, Brazil” and also member of the Construction Consultative Committee of Wuhan Optics Valley of China. He has more than 10 years experience in companies’ R&D, as member respectively consultant of Daimler, Bell Labs Germany (Alcatel-Lucent), HP, Agilent, Diehl Aerospace and Siemens.

Publishing Academic Excellence  
at the Pace of Technology Since 1988

Chapter 1  
*Optical Communication in Transportation Systems including Related Microwave Issues*  
Strobel Otto (Esslingen University of Applied Sciences, Germany)  
Lubkoll Jan (Friedrich-Alexander University Erlangen-Nuremberg, Germany)  
Seibl Daniel (Esslingen University of Applied Sciences, Germany)

Chapter 2  
*Communication Systems in Automotive Systems*  
De Pauw Piet (BVBA De Pauw, Belgium)

Chapter 3  
*Physical Layer Implementations of Communication Standards in Automotive Systems*  
De Pauw Piet (BVBA De Pauw, Belgium)

Chapter 4  
*Modeling of Polymer Optical Fibers*  
Mateo Javier (Universidad de Zaragoza, Spain)  
Losada Ángeles (Universidad de Zaragoza, Spain)  
López Alicia (Universidad de Zaragoza, Spain)

Chapter 5  
*FlexRay™ Electrical Physical Layer:*  
Minuth Jürgen (Esslingen University of Applied Sciences, Germany)

Chapter 6  
*Transmission Lines for Serial Communication:*  
Minuth Jürgen (Esslingen University of Applied Sciences, Germany)

Chapter 7  
*Optical Wireless Communications in Vehicular Systems*  
Higgins Matthew D. (University of Warwick, UK)  
Rihawi Zeina (University of Warwick, UK)  
Mutalip Zaiton Abdul (University of Warwick, UK & Universiti Teknikal Malaysia Melaka, Malaysia)  
Green Roger J. (University of Warwick, UK)  
Leeson Mark S. (University of Warwick, UK)

Chapter 8  
*Resilient Optical Transport Networks*  
Kavian Yousef S. (Shahid Chamran University, Iran)  
Wang Bin (Wright State University, USA)

Chapter 9  
*Radio over Fiber Access Networks for Broadband Wireless Communications*  
Beas Joaquín (Tecnológico de Monterrey, México)  
Castañón Gerardo (Tecnológico de Monterrey, México)  
Aldaya Ivan (Tecnológico de Monterrey, México)  
Campuzano Gabriel (Tecnológico de Monterrey, México)  
Aragón-Zavala Alejandro (Tecnológico de Monterrey, México)

Chapter 10  
*WLAN Systems for Communication in Transportation Systems:*  
Scopigno Riccardo (Istituto Superiore Mario Boella (ISMB), Italy)

Chapter 11  
*Communication Networks to Connect Moving Vehicles to Transportation Systems to Infrastructure*  
Kastell Kira (Frankfurt University of Applied Sciences, Germany)

Chapter 12  
*Seamless Communication to Mobile Devices in Vehicular Wireless Networks*  
Kastell Kira (Frankfurt University of Applied Sciences, Germany)

Chapter 13  
*Radiometric Speed Sensor for Vehicles*  
Rastorguev Vladimir (Moscow Aviation Institute, National Research University, Russia)

Chapter 14  
*Short-Range Ultrasonic Communications in Air*  
Li Chuan (University of Bristol, UK)  
Hutchins David (University of Warwick, UK)  
Green Roger (University of Warwick, UK)

Chapter 15  
*Surround Sensing for Automotive Driver Assistance Systems*  
Stämpfle Martin (Esslingen University of Applied Sciences, Germany)
