## Interoperability in Healthcare Information Systems: Standards, Management, and Technology

Miguel Ángel Sicilia (University of Alcalá, Spain) and Pablo Balazote (Hospital de Fuenlabrada, Spain)

Although the standards in electronic health records and general healthcare services continue to evolve, many organizations push to connect interoperability with public service and basic citizenship rights. This poses significant technical and organizational challenges that are the focus of many research and standardization efforts.

**Interoperability in Healthcare Information Systems: Standards, Management and Technology** provides a comprehensive collection on the overview of electronic health records and health services interoperability and the different aspects representing its outlook in a framework that is useful for practitioners, researchers, and decision-makers.

### Topics Covered:

- HER & HS Interoperability
- Historical Perspectives
- Models and Techniques for Introduction
- Policy and Funding Models
- Policy and Management Issues
- Standards and Specifications

ISBN: 9781466630000; © 2013; 355 pp.
