

Shaping the Future of Online Learning: Education in the Metaverse

Part of the Advances in Educational Technologies and Instructional Design Book Series

Gürhan Durak (Balıkesir University, Turkey) and Serkan Cankaya (İzmir Democracy University, Turkey)

Description:

Each new technological innovation creates new opportunities in the field of education and affects the learning preferences of individuals. In this respect, it is important to investigate the ways to use these technologies in education to ensure learners receive the best possible education.

Shaping the Future of Online Learning: Education in the Metaverse

discusses up-to-date knowledge and experience regarding emerging technologies, processes, and applications for online learning. The book also provides a guide for technology enthusiasts, online course designers, and institutions that facilitate the innovative technologies in online learning. Covering critical topics such as augmented reality, virtual reality, immersive learning, and gamification, this reference work is ideal for instructional designers, educational software developers, programmers, teachers, policymakers, administrators, principals, industry professionals, researchers, scholars, practitioners, academicians, instructors, and students.

ISBN: 9781668465134
