

AI Deployment and Adoption in Public Administration and Organizations

Gamze Sart (Istanbul University-Cerrahpaşa, Turkey)
Funda Hatice Sezgin (Istanbul University-Cerrahpasa, Turkey)

Description:

The deployment of AI in public administration and organizations has the potential to revolutionize decision-making, improve efficiency, and enhance service delivery. By automating routine tasks and analyzing vast amounts of data, AI can streamline operations, reduce costs, and enable faster responses to societal challenges. Its adoption also raises critical questions about ethics, transparency, and inclusivity, as organizations must ensure AI technologies are implemented responsibly and equitably. Addressing these challenges can pave the way for more effective governance and innovation, benefiting society at large.

AI Deployment and Adoption in Public Administration and Organizations explores the transformative potential of AI in public administration and organizational settings, highlighting its role in enhancing efficiency, decision-making, and service delivery. It delves into practical applications, case studies, and frameworks that guide organizations in leveraging AI to address complex challenges and improve outcomes. Covering topics such as customer relationship management systems, machine learning, and unemployment, this book is an excellent resource for public administration professionals, organizational leaders, policymakers, researchers, technology specialists, academicians, and more.

ISBN: 9798337322728 **Pages:** 436 **Copyright:** 2025 **Release Date:** 04-02-2025

Hardcover: \$265.00 **Softcover:** \$200.00 **E-Book:** \$265.00 **Hardcover + E-Book:** \$400.00
