

Secure Software Engineering (IJSSE)

An official publication of
the Information Resources
Management Association

INTERNATIONAL JOURNAL OF

Secure Software Engineering

IGI PUBLISHING

Publisher of IT books, journals and cases since 1988
www.igi-global.com

ISSN: 1947-3036; EISSN: 1947-3044

Established 2010; Published Quarterly

Editor(s)-in-Chief: Khaled M. Khan (Qatar University, Qatar)

The **International Journal of Secure Software Engineering (IJSSE)** publishes original research on the security concerns that construe during the software development practice. IJSSE promotes the idea of developing security-aware software systems from the ground up. This journal examines the software security from a software engineering perspective and addresses technical, as well as managerial aspects of secure software engineering. IJSSE includes all aspects of software security in the development, deployment, and management processes of software systems.

Individual Pricing

Print + Free E-Access: **\$275.00**

E-Access + Free Print: **\$275.00**

Institution Pricing

Print + Free E-Access: **\$765.00**

E-Access + Free Print: **\$765.00**

Topics Covered:

- Aspect-oriented software development for secure software
- Build security in (BSI)
- Dependable systems
- Experience related to secure software systems
- Global security systems
- Maintenance and evolution of security properties
- Metrics and measurement of security properties
- Process of building secure software
- Programming security
- Relationships between security and other quality concerns
- Secure deployment of software applications
- Security artifacts, evolution, and documentations
- Security assurances, standards, and policies
- Security audit and control
- Security composition in component and service based software
- Security in software architecture and design
- Security literacy and education
- Security patterns
- Security requirement engineering
- Security testing and validation
- Static and dynamic analysis for security

SUBMISSION INFORMATION

Prospective authors should note that only original and previously unpublished articles will be considered. INTERESTED AUTHORS MUST CONSULT THE JOURNAL'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at <http://www.igi-global.com/journals/guidelines-for-submission.aspx> PRIOR TO SUBMISSION. All article submissions will be forwarded to at least 3 members of the Editorial Review Board of the journal for double-blind, peer review. Final decision regarding acceptance/revision/rejection will be based on the reviews received from the reviewers. All submissions must be forwarded electronically.

All submissions and inquiries should be directed to the attention of:

Khaled M. Khan, k.khan@qu.edu.qa

All manuscript submissions to IJSSE should be sent through the online submission system:

EDITOR-IN-CHIEF BIO

Khaled M. Khan is an assistant professor and the Graduate Program Coordinator in the department of Computer Science and Engineering at Qatar University. Prior to these, Khaled also served the University of Western Sydney as Head of postgraduate programs in computing. His research interests include secure software engineering, cloud computing, measuring security, trust in computer software, and software evolution. He has taught computing more than twenty years at various universities in Asia, Europe, Africa, and Australia. Khaled received his BS and MS in computer science and informatics from the Norwegian University of Science and Technology. He received his PhD in computing from Monash University, Australia. He also holds a second bachelor's degree from the University of Dhaka (Bangladesh). He's the Editor-in-Chief of the *International Journal of Secure Software Engineering*. Khaled has published more than sixty technical papers, and edited two books.
