

Applying Qualitative Research Methods to Science and Management

Part of the Advances in Library and Information Science Book Series

Badr Bentalha (Sidi Mohamed Ben Abdellah University, Morocco) and Lhoussaine Alla (Sidi Mohamed Ben Abdellah University, Morocco)

Description:

In academic research, qualitative analysis is a pillar for understanding complex phenomena in science and management. However, researchers and practitioners often face challenges navigating the ever-evolving landscape of qualitative methodologies and their integration into empirical projects. This knowledge gap can hinder the practical application of qualitative approaches, leading to suboptimal research outcomes and missed opportunities for insightful discoveries.

Applying Qualitative Research Methods to Science and Management serves as a beacon for researchers, practitioners, and students, providing a detailed roadmap to navigate the intricacies of qualitative analysis. Each chapter, authored by esteemed experts in the field, delves into specific qualitative themes and methodologies, offering practical insights and theoretical foundations based on the latest academic research. This book empowers readers to conduct rigorous and impactful qualitative research in diverse contexts by bridging the gap between theory and application.

By offering a holistic view of qualitative research, this book equips readers with the tools and knowledge needed to excel in their academic and professional endeavors. From understanding the fundamental principles of qualitative analysis to implementing advanced methodologies, this book is a definitive guide for anyone seeking to master qualitative research in science and management. With its pedagogical approach and practical insights, this book is not just a reference but a companion for researchers and practitioners alike, ushering them into a realm of deeper understanding and impactful research.

ISBN: 9798369355435

Pages: 310

Copyright: 2024

Release Date: June, 2024

Hardcover: \$245.00

E-Book: \$245.00

**Hardcover +
E-Book:** \$295.00

Topics Covered:

- Archival Research
- Areas of Application
- Biographical Narrative Interpretive Method
- Case Studies
- Coding Qualitative Data
- Comparative Analysis
- Content Analysis
- Critical Theory
- Documentary Analysis
- Ethical Research
- Ethnography
- Focus Groups
- Formulating a Research Question
- Grounded Theorizing
- Longitudinal Qualitative Research

Subject: Library & Information Science

Classification: Edited Reference

Readership Level: Advanced-Academic Level
(Research Recommended)

Research Suitable for: Advanced Undergraduate Students; Graduate Students; Researchers; Academicians; Professionals; Practitioners
