

Preparing the Next Generation of Teachers for 21st Century Education

Part of the Advances in Higher Education and Professional Development Book Series

Siew Fun Tang (Curtin University, Malaysia) and Chee Leong Lim (Taylor's University, Malaysia)

Description:

As educational standards continue to transform, it has become essential for educators to receive the support and training necessary to effectively instruct their students and meet societal expectations. To do this, fostering education programs that include innovative practices and initiatives is imperative.

Preparing the Next Generation of Teachers for 21st Century Education provides emerging research on innovative practices in learning and teaching within the modern era. While highlighting topics such as blended learning, course development, and transformation practices, readers will learn about progressive methods and applications of 21st-century education. This book is an important resource for educators, academicians, professionals, graduate-level students, and researchers seeking current research on contemporary learning and teaching practices.
