

# Global Trends of Modernization in Budgeting and Finance

Part of the Advances in Finance, Accounting, and Economics Book Series

Denis Ushakov (Suan Sunandha Rajabhat University, Thailand)

## Description:

Traditional financial markets are the most important lever of social and economic impact that can effectively regulate markets, industries, national economies, and international economic interactions, and form global and deeply integrated economic systems. Due to the global spread of financial instability and waves of financial crises, the problems of researching effective financial instruments to ensure national competitiveness becomes highly significant.

**Global Trends of Modernization in Budgeting and Finance** is a pivotal reference source that provides vital research on the impacts of financial globalization in the context of economic digitalization and national financial markets. While highlighting topics such as entrepreneurship, international business, and socio-economic development, this publication explores modern conditions of rapid technological progress and financial market integration, as well as the methods of increasing regional intergovernmental organization efficiency. This book is ideally designed for policymakers, financial analysts, researchers, academicians, graduate-level students, business professionals, entrepreneurs, scholars, and managers seeking current research on new challenges and developments in national financial markets.
