

# Perspectives on Women in Management and the Global Labor Market

Part of the Advances in Logistics, Operations, and Management Science Book Series

Elisabete S. Vieira (GOVCOPP Unit Research, ISCA-UA, University of Aveiro, Portugal), Mara Madaleno (GOVCOPP Unit Research, DEGEIT - University of Aveiro, Portugal) and João Teodósio (Instituto Politécnico de Santarém, Portugal)

## Description:

As more women achieve management positions across the world, it is essential to understand women's roles in management in different countries and economies as well as their relationships to the global market and the gender effect on management. Women's leadership and the challenges that they face look very different globally. It is important to research the role of women in management in order to strengthen equality and efficiency.

**Perspectives on Women in Management and the Global Labor Market** provides a clear idea of the effect of gender on the management decision-making process and the respective consequences, showing similarities and striking differences in the practices of different countries and economies. This book serves as a compilation of ideas in the new trends associated with the presence of women in management and the global labor market. Covering topics such as firm debt maturity, change management, and wage inequality, this premier reference source is an excellent resource for business managers and leaders, human resource managers, entrepreneurs, government officials, sociologists, students and educators of higher education, librarians, researchers, and academicians.
