

International Journal of Web Services Research (IJWSR)

ISSN: 1545-7362; EISSN: 1546-5004
Established 2004; Published Quarterly

Editor(s)-in-Chief: Liang-Jie Zhang (Kingdee International Software Group, China)

The International Journal of Web Services Research (IJWSR) is the first refereed, international publication featuring the latest research findings and industry solutions involving all aspects of Web services technology. This journal covers advancements, standards, and practices of Web services, as well as identifies emerging research topics and defines the future of Web services on grid computing, multimedia, and communication. IJWSR provides an open, formal publication for high quality articles developed by theoreticians, educators, developers, researchers, and practitioners for those desiring to stay abreast of challenges in Web services technology.

Prices are subject to change without notification.

Indexed in:

Topics Covered:

- Business grid
- Business process integration and management using web services
- Case studies for web services
- Communication applications using web services
- Composite web service creation and enabling infrastructures
- Dynamic invocation mechanisms for web services
- E-commerce applications using web services
- Frameworks for building web service applications
- Grid-based web services applications (e.g. OGSA)
- Interactive TV applications using web services
- Mathematic foundations for service oriented computing
- Multimedia applications using web services
- Quality of service for web services
- Resource management for web services
- Semantic services computing
- SOAP enhancements
- Solution management for web services
- UDDI enhancements
- Web services architecture
- Web services discovery
- Web services modeling
- Web services performance
- Web services security

SUBMISSION INFORMATION

Prospective authors should note that only original and previously unpublished articles will be considered. Interested authors must consult the journal's guidelines for manuscript submissions at www.igi-global.com/publish/resources prior to submission. All article submissions will be forwarded to the Editorial Review Board for double-blind, peer review.

All submissions and inquiries should be directed to the attention of:
Liang-Jie Zhang, IJWSR@igi-global.com
