

Applications of Work Integrated Learning Among Gen Z and Y Students

Part of the Advances in Educational Technologies and Instructional Design Book Series

Trevor Gerhardt (University of West London, UK) and Paulette J Annon (London School of Economics, UK)

Description:

It has become evident within higher education and within (or in partnership with) the workplace that there is a growing demand for an integration of learning within the workplace. Formal and intentional models and processes utilizing experiential learning methods and pedagogy are often referred to as work integrated learning. However, there is a vast cross-conceptualization evident within the field between concepts such as work-related learning (WRL), workplace learning (WPL), work-based learning (WBL), work integrated learning (WIL), and experiential learning (EL). Furthermore, there are vast differences between different applications such as apprenticeships, higher degree apprenticeships (HDA), co-operative education (Coop), internships, placements, projects, sandwich courses, practicums, and more. There is a new focus on the impact of WIL on the future labor force, specifically of generations Z and Y.

Applications of Work Integrated Learning Among Gen Z and Y Students presents educational and theoretical concepts related to WIL and Gen Z and Y students as a workforce. The chapters include coverage not only on these concepts, but in-depth research on the implications of WIL on these generations, educational themes in WIL, and WIL innovation. The topic of WIL and all its applications are covered in a global context and for all fields of work, focusing on the skills and expertise gained from the students of work-based learning along with insights on how work-based learning is implemented by teachers and educational administrations. This book is a valuable reference tool for in-service and preservice teachers, administrators, teacher educators, human resources and career development management, practitioners, stakeholders, researchers, academicians, and students interested in insight, theory, and practical examples of WIL from around the world and the impact these have within the workpl

ISBN: 9781799864400

Pages: 315

Copyright: 2021

Release Date: April, 2021

Hardcover: \$215.00

Softcover: \$165.00

E-Book: \$215.00

Hardcover + E-Book: \$260.00

Topics Covered:

Career Readiness
Entrepreneurship Education
Generation Y Students
Generation Z Students

Global Education
Instructional Design
Millennials
Teacher Education

WIL Teaching Practices
Work Integrated Learning
Work Preparedness
Work-Based Learning

Subject: Business and Management

Classification: Edited Reference

Readership Level: Advanced-Academic Level
(Research Recommended)

Research Suitable for: Advanced Undergraduate Students; Graduate Students; Researchers; Academicians; Professionals; Practitioners
