

Employment Protection Legislation in Emerging Economies

Part of the Advances in Finance, Accounting, and Economics Book Series

Samir Amine (Universite du Quebec en Outaouais, Canada)

Description:

New developments in legislation have increased the availability of employment. These advances result in long-term improvement of economic and sustainable development.

Employment Protection Legislation in Emerging Economies

is a critical scholarly resource that examines legislation relating to employment protection in developing economies and its impacts on unemployment, job creation, productivity, and the efficiency of the labor market. Featuring coverage on a broad range of topics, such as labor reform, job creation, and the social protection agenda, this book is geared towards academicians, practitioners, and researchers seeking current research on legislation relating to employment protection.
