

# Emergency Management and Disaster Response Utilizing Public-Private Partnerships

Part of the Advances in Public Policy and Administration (APPA) Book Series

Marvine Paula Hamner (LeaTech, LLC, USA), S. Shane Stovall (True North Emergency Management, USA), Doaa M. Taha (GMI, Ltd, USA), and Salah C. Brahimi (GMI, Ltd, USA)

## Description:

In a world of earthquakes, tsunamis, and terrorist attacks, it is evident that emergency response plans are crucial to solve problems, overcome challenges, and restore and improve communities affected by such negative events. Although the necessity for quick and efficient aid is understood, researchers and professionals continue to strive for the best practices and methodologies to properly handle such significant events.

**Emergency Management and Disaster Response Utilizing Public-Private Partnerships** bridges the gap between the theoretical and the practical components of crisis management and response.

## Readers:

This publication is an essential resource for academicians, practitioners, and researchers interested in understanding the complexities of crisis management and relief through public and private partnerships.

ISBN: 9781466681590

M. Jude Egan, California State Polytechnic Institute, San Luis Obispo, Dept. of Political Science, USA

## Chapter 2

*Trends in Public Private Partnerships: A Literature Review*

Erinn N. Harris, Baltimore City Fire Department, USA

## Chapter 3

*A Private Sector Perspective on the Value of Public Private Partnerships*

Doaa Taha, GMI, Ltd, USA

## Chapter 4

*A Public Sector Practitioner's Perspective on Public Private Partnerships*

Erinn N. Harris, Baltimore City Fire Department, USA

## Chapter 5

*Exploring Internal Differences in Public Private Partnerships in Emergency Management: A Gap Analysis*

Marvine Hamner, LeaTech, LLC, USA

**Section 2****Managing and Sustaining Public Private Partnerships in Emergency Management**

## Chapter 6

*Compassion Organizing for Public Private Collaboration in Disaster Management*Taewon Moon, Hongik University, South Korea  
Sunghoon Ko, Hongik University, South Korea

## Chapter 7

*Use Team Building to Make the Most of Your Public Private Partnerships*

Martin Negron, Independent Practitioner, USA

## Chapter 8

*Leadership Challenges in Public Private Partnerships in Emergency Management: A Real-World Perspective*

John Reginaldi, Baltimore County Police Department - Retired, USA

## Chapter 9

*Communications and Information Sharing in Public-Private Partnerships: Networking for Emergency Management*

Beverly Magda, Georgetown University, USA

## Chapter 10

*Corporate Social Responsibility in Enhancing Disaster Education*Sudha Arlikatti, University of North Texas, USA  
Eliot Jennings, Colorado Mesa University, USA  
James Kendra, University of Delaware, USA

## Chapter 11

*Using Systems Analysis and Dynamics to Evaluate PPPs with Data and Best Practices from SAFER Santa Rosa*

Daniel Hahn, Santa Rosa County Florida Emergency Management, Barry University, USA

**Section 3****Utilizing Public Private Partnerships in Emergency Management**

## Chapter 12

*Aligning Community Hospitals with Local Public Health Departments: Collaborative Emergency Management*Anne Hewitt, Seton Hall University, USA  
David Gourley, Chilton Medical Center, USA

About the Contributors

Index

**Marvine Hamner** has over 20 years of experience working and managing a variety of projects from research grants to multi-million dollar commercial programs in aerospace as well as computer science/information systems and technology. She has been engaged in higher education for 15 years including academic positions at George Washington University, Hood College and Frederick County Community College. While at George Washington University, Dr. Hamner was affiliated with the Institute for Crisis, Disaster, and Risk Management for eight years. During this period, Dr. Hamner was responsible for re-engineering the Disaster Services Human Resource System for the American Red Cross and completing a systems engineering study of the Emergency Departments at hospitals in the District of Maryland, Northern Virginia, and Maryland. Dr. Hamner earned her B.S. from M.I.T. and her M.S. from Purdue University. Dr. Hamner earned her doctorate from the School of Engineering and Applied Science at Washington University in St. Louis in Engineering and Public Policy. Dr. Hamner served on the National Research Council/National Academies of Science Assessment of NASA Laboratory Capabilities Committee and was an invited expert participant in the National Academies-U.S. Institute of Peace Roundtable: Workshop on Harnessing Operational Systems Engineering to Support Peacebuilding 2012. She has been an Associate Editor for the *Journal of Homeland Security and Emergency Management*.
