

International Journal of Web Portals (IJWP)

ISSN: 1938-0194; EISSN: 1938-0208

Established 2009; Published Semi-Annually

Editor(s)-in-Chief: Maria Manuela Cruz-Cunha (Polytechnic Institute of Cavado and Ave, Portugal) and Emanuel Soares Peres (University of Trás-os-Montes and Alto Douro, Portugal)

Web portals are one of the most important components in the context of business integration. The International Journal of Web Portals (IJWP) is a high-quality refereed journal on portal software, engineering practices, and technologies. The journal serves as means for researchers, developers, and industry practitioners to publish their research and practical experiences in the technological, business, organizational, and social dimensions of Web portals development and applications. The journal also promotes communication and networking among portal, Web services, and SOA researchers and engineers at a time when new developments are taking place in portal technologies. Furthermore, it contributes to the development of new portal architectures and solutions in all fields of application.
