

# Legal Frameworks and Educational Strategies for Sustainable Development

Part of the Advances in Human Services and Public Health Book Series

Enas Mohammed Alqodsi (United Arab Emirates University, UAE, UAE) and Asma Khaleel Abdallah (United Arab Emirates University, UAE, UAE)

## Description:

In today's complex world, achieving sustainable development poses a significant challenge. Legal frameworks often need help to keep pace with rapidly evolving environmental issues. In contrast, educational systems may need to prepare future leaders to address sustainability challenges adequately. This gap between policy and practice inhibits progress towards a more sustainable future.

Legal Frameworks and Educational Strategies for Sustainable Development is a comprehensive reference source that explores how legal frameworks and educational strategies can align to foster sustainable development. This book equips readers with the knowledge and tools needed to address sustainability challenges effectively by bridging the gap between theory and practice. The book offers insights from environmental law, sustainability studies, and education through a multidisciplinary approach, providing a holistic perspective on sustainability issues.

Readers will gain valuable insights into navigating environmental legislation, understanding the role of technology in sustainability, and promoting eco-literacy in the digital age. By offering practical guidance for policymakers, legal practitioners, educators, and sustainability professionals, this book serves as a roadmap for integrating sustainability into various aspects of society. It is a valuable resource for anyone seeking to impact the environment and society positively.

**ISBN:** 9798369329870
