

Female Entrepreneurship as a Driving Force of Economic Growth and Social Change

Part of the Advances in Human Resources Management and Organizational Development Book Series

Ana Dias Daniel (Universidade de Aveiro, Portugal) and Cristina Fernandes (Universidade da Beira Interior, Portugal)

Description:

As technology continues to develop, the healthcare industry must adapt and implement new technologies and services. Recent advancements, opportunities, and challenges for bio-medical image processing and authentication in telemedicine must be considered to ensure patients receive the best possible care.

Female Entrepreneurship as a Driving Force of Economic Growth and Social Change introduces recent advancements, opportunities, and challenges for bio-medical image processing and authentication in telemedicine and discusses the design of high-accuracy decision support systems. Covering key topics such as artificial intelligence, medical imaging, telemedicine, and technology, this premier reference source is ideal for medical professionals, nurses, policymakers, researchers, scholars, academicians, practitioners, instructors, and students.

ISBN: 9781668476697

Pages: 320
