

Handbook of Research on Knowledge Management for Contemporary Business Environments

Part of the Advances in Human Resources Management and Organizational Development Book Series

Armando Malheiro (University of Porto, Portugal), Fernanda Ribeiro (University of Porto, Portugal), George Leal Jamil (Fumec University, Brazil), Jose Pocas Rascao (Polytechnic of Setubal, Portugal) and Oscar Mealha (University of Aveiro, Portugal)

Description:

Information is considered essential in every business model, which is why staying abreast of the latest resources can help combat many challenges and aid businesses in creating a synthesis between people and information, keeping up with evolving technologies, and keeping data accurate and secure.

The **Handbook of Research on Knowledge Management for Contemporary Business Environments** is a critical scholarly publication that examines the management of knowledge resources in modern business contexts. Including a wide range of topics such as information systems, sustainable competitive advantage, and knowledge sharing, this publication is a vital reference source for managers, academicians, researchers, and students seeking current research on strategies that are able to manage the information in more than one context for present and future generations.
