

Developing Effective Literacy Intervention Strategies: Emerging Research and Opportunities

Part of the Advances in Early Childhood and K-12 Education Book Series

Cheryl A. Slattery (Shippensburg University, USA)

Description:

As reading is vital to success in life and opens the door to nearly all other learning opportunities, it is essential that educators understand why students with learning how to read. Therefore, it is key for both professionals and researchers to establish their own approaches to assist those with reading difficulties

Developing Effective Literacy Intervention Strategies: Emerging Research and Opportunities is a critical reference volume featuring the latest academic research on the benefits of a balanced literary framework and how it can help struggling readers gain knowledge and experience in reading. Including coverage among a variety of applicable viewpoints and subjects, such as zone of proximal development, response to intervention (RTI), and literary fluency, this book is ideally designed for education professionals working in the fields of elementary education and literacy, as well as academics and upper-level students looking for advanced research on literacy intervention and differentiated plans of instruction.
