

Strategies to Support Underrepresented Minority Students

Jeffrey Herron (Campbellsville University, USA)

Benjamin Dunn (University of Kentucky, USA)

Keith Douglas (University of Cincinnati, USA)

Description:

To support underrepresented minority students in education, academic institutions must make steps in achieving equity, inclusion, and academic excellence. These students often encounter unique challenges, including systemic barriers, cultural isolation, and limited access to resources can affect their academic success. Exploring a range of evidence-based approaches designed to support and uplift underrepresented minority students ensures they have the tools and opportunities needed to succeed.

Strategies to Support Underrepresented Minority Students explore the different strategies and initiatives that effectively support underrepresented students in higher education. This book aims to help colleges and universities create sustainable systems of support, ensuring that all students regardless of their background can succeed and thrive in the years to come. Covering topics such as minority students, education, and academic policy, this book is an excellent resource for administrators, educators, and policymakers committed to building inclusive environments in higher education.
