## Econometric Methods for Analyzing Economic Development

Part of the Advances in Finance, Accounting, and Economics (AFAE) Book Series

Peter V. Schaeffer (West Virginia University, USA) and  
Eugene Kouassi (University of Cocody, Cote d'Ivoire)

Exploring and understanding the analysis of economic development is essential as global economies continue to experience extreme fluctuation. Econometrics brings together statistical methods for practical content and economic relations.

**Econometric Methods for Analyzing Economic Development** is a comprehensive collection that focuses on various regions and their economies at a pivotal time when the majority of nations are struggling with stabilizing their economies. Outlining areas such as employment rates, utilization of natural resources, and regional impacts, this collection of research is an excellent tool for scholars, academics, and professionals looking to expand their knowledge on today's turbulent and changing economy.

### Topics Covered:

- Economic Equality
- Economic Growth
- Energy Consumption
- Inflation
- Natural Resource Management
- Population Density

ISBN: 9781466643291; © 2014; 353 pp.

**Market:** This premier publication is essential for all academic and research library reference collections. It is a crucial tool for academicians, researchers, and practitioners. Ideal for classroom use.

**Peter V. Schaeffer** is professor, Division of Resource Management, West Virginia University (WVU) and a faculty research associate in WVU's Regional Research Institute (RRI). His primary research interests are regional economic policy; international labor migration; domestic job mobility; natural resource management; and historic preservation. He serves and has served on editorial boards and is a past chair of the North American Regional Science Council and a past president of the Southern Regional Science Association. In 2008 he became WVU's fourth scholar to receive RRI's William H. Miernyk Award for Lifetime Scholarly Achievement since the award's inception in 1990. Dr. Schaeffer earned the Ph.D. in economics from the University of Southern California.
