

Emerging Strategies for Public Education Reform

Part of the Advances in Educational Marketing, Administration, and Leadership Book Series

Marquis Carter Grant (Grand Canyon University, USA)

Description:

The adaptability of public education is essential for the success of students and education professionals alike. Comprehensive reform that promotes equality and equity in educational spheres can promote adaptability and allow educational institutions and education professionals better longevity.

Emerging Strategies for Public Education Reform is a cutting-edge research publication that provides comprehensive research on merging topics that have a significant impact on teaching and learning, which may include educational policy and updating teacher education. Featuring a wide range of topics such as curriculum design, mental health, and religious education, this book is ideal for academicians, curriculum designers, education professionals, researchers, policymakers, and students.
