

An Excellent Addition to Your Library!

Released: March 2013

Advancing Library Education: Technological Innovation and Instructional Design

Part of the Advances in Library and Information Science (ALIS) Book Series

Ari Sigal
(Catawba Valley Community College, USA)

As learning moves into a more innovative and technological environment, it becomes increasingly important that library education continues to adapt and understand the resources that are available.

Advancing Library Education: Technological Innovation and Instructional Design aims to provide relevant theoretical frameworks, empirical research, and new understandings for those interested in Library and Information Science and the impact new techniques and technologies are having in this area. Librarians, academics, and researchers will benefit from this careful look into current advancements in their field.

Topics Covered:

- Blended Learning
- Distance Education
- Educational Technologies
- Human Aspects of Technology
- Library Science
- Web Technologies

ISBN: 9781466636880; © 2013; 339 pp.
