

International Journal of Applied Research on Public Health Management (IJARPHM)

ISSN: 2639-7692; EISSN: 2639-7706

Established 2019; Published Semi-Annually

Editor(s)-in-Chief: Qiang (Shawn) Cheng (University of Kentucky, USA) and Joseph Tan (McMaster University, Canada)

The International Journal of Applied Research on Public Health Management (IJARPHM) is a premier source featuring emerging research on the current issues facing public health and welfare initiatives and management. Designed to suit the needs of academicians, scientists, policy makers, physicians, and practitioners, IJARPHM embraces critical topics surrounding disease control, disaster and emergency response and management, sustainability, decision making, policy making and implementation, technologies and services in modern public health systems, as well as relevant health studies on behaviors and society.
