ISSN: 2379-7398; EISSN: 2379-7401

Established 2016; Published Semi-Annually

**Editor(s)-in-Chief:** Amulya Gurtu (University of Wisconsin, USA)

The International Journal of Sustainable Entrepreneurship and Corporate Social Responsibility (IJSECSR) is a peer-reviewed publication dedicated to social entrepreneurship. It is a multi-disciplinary, multi-functional, and multi-contextual scholarly forum for exchanging the latest research on all aspects of sustainable entrepreneurship. Social entrepreneurship is an emerging field of research that concerns how enterprising individuals or groups develop businesses that offer solutions to various social and environmental problems. Research in this domain aims to incorporate entrepreneurial insights about opportunity recognition and exploitation into sustainable development in order to help scholars, practitioners, and policymakers gain a deeper and broader understanding of how a new business mindset can be developed and used in managing an effective and smooth transition toward more sustainable societies where new and established businesses preserve and protect communities, nature, and the environment while contributing to economic growth by creating offerings with environmental and social value.
