

# Examining the Changing Role of Supervision in Doctoral Research Projects: Emerging Research and Opportunities

Part of the Advances in Higher Education and Professional Development Book Series

Annette Lerine Steenkamp (Lawrence Technological University, USA)

## Description:

Academic research projects contribute to many advancements in modern life. Thus, the supervision of such works on the doctoral level is extremely important, and must constantly evolve in order to help disseminate the most accurate information available.

**Examining the Changing Role of Supervision in Doctoral Research Projects: Emerging Research and Opportunities** is a pivotal scholarly resource that examines the current practices that research supervisors adhere to and outlines innovative ways that these techniques can be improved upon. Covering relevant topics such as study environments, technology support, research networks, and research design, this publication is ideal for academics, graduate students, and researchers that are interested in discovering a more streamlined method of supervision for research works.
