

Social, Economic, and Political Perspectives on Public Health Policy-Making

Part of the Advances in Public Policy and Administration (APPA) Book Series

Rahmatollah Gholipour (University of Tehran, Iran) and Khadijeh Rouzbehani (University of Tehran, Iran)

Description:

Presently, the healthcare industry is grappling with many challenges both nationally and globally, including escalating costs, a move to a preventative care environment and a technology savvy patient with high expectations. To accommodate the changing health demands of the current global population, public healthcare policy must undergo a critical analysis.

Social, Economic, and Political Perspectives on Public Health Policy-Making provides an extensive and rich compilation of research on the role of public policy in the healthcare sector and how policy reform will impact the future of healthcare delivery and administration. This research-based publication is composed of chapters from various international experts in the healthcare sector, focusing on the areas of healthcare access, quality, and value in the 21st century.

Readers:

Government agencies, policymakers, healthcare professionals, hospital administrators, and graduate-level students studying within the fields of government and healthcare administration will find this publication to be an essential resource.
