

International Journal of Knowledge and Systems Science (IJKSS)

ISSN: 1947-8208; EISSN: 1947-8216
Established 2010; Published Quarterly

Editor(s)-in-Chief: W.B. Lee (Knowledge Management and Innovation Research Centre - The Hong Kong Polytechnic University, Hong Kong)

The International Journal of Knowledge and Systems Science (IJKSS) serves as a multi-disciplinary platform and adopts a systems approach to the theory and practice of managing information and people in knowledge intensive activities and processes, emphasizing the understanding of humans and their environment as part of interacting systems from both soft and hard systems science. As a quarterly journal that publishes theoretical, experimental, and experiential papers, practice notes, case studies, and innovative methodologies, IJKSS provides a forum for academicians, scientists, practitioners, and industry professionals to integrate diversity and fragments of knowledge.

Individual Price:

Print: US \$280
E-Journal: US \$280
Print + E-Journal: US \$340

Institution Price:

Print: US \$800
Online Access: US \$800
Print + Online Access: US \$965

Prices are subject to change without notification.

Topics Covered:

- Adaptive complex systems
- Applications and practices in enterprises, business, management, and education
- Causal interactions and dynamic interweaving
- Context management
- Epistemology, ontology, and semantics
- Future centers
- Human-Machine Interface
- Informatics with cybernetics and systems science
- Intelligent information processing and computational emotions
- Knowledge acquisition for expert systems
- Knowledge acquisition in artificial intelligence
- Knowledge conversion process and models
- Knowledge eco-systems
- Knowledge ergonomics
- Knowledge flow
- Knowledge innovation
- Knowledge management systems and culture
- Knowledge representation
- Knowledge transfer and productivity
- Modeling of dynamic complexity
- Modeling of human knowledge processes and systems
- Organic complexity
- Organizational learning and complexity of learning
- Qualitative complexity
- Risk and catastrophe management
- Sense-making
- Social -economic-technical systems
- Social informatics
- Social network systems
- Sociological systems science
- Soft Systems Methodology
- Systems dynamics
- Systems for integrating and creating knowledge
- Systems models of complex human cognitive process
- Systems psychology
- Systems Theory
- Technological and mathematical systems sciences
- Technology Management
- Use of narratives

SUBMISSION INFORMATION

Prospective authors should note that only original and previously unpublished articles will be considered. Interested authors must consult the journal's guidelines for manuscript submissions at www.igi-global.com/publish/resources prior to submission. All article submissions will be forwarded to the Editorial Review Board for double-blind, peer review.

All submissions and inquiries should be directed to the attention of:
W.B. Lee, IJKSS@igi-global.com
