

Handbook of Research on Social Entrepreneurship and Solidarity Economics

Part of the Advances in Finance, Accounting, and Economics Book Series

José Manuel Saiz-Álvarez (Tecnológico de Monterrey, Mexico & Universidad Nebrija, Spain)

Description:

Education programs in social entrepreneurship helps to create and fill jobs devoted to developing the local economy, which has become a dual transfer strategy by which a virtuous circle occurs between a retrofitted educational system based on social entrepreneurship, and vocational students who are highly entrepreneurial.

The Handbook of Research on Social Entrepreneurship and Solidarity Economics focuses on practical experience and theoretical models for popularizing the concept of social entrepreneurship as a critical element of economic growth. Emphasizes the ways in which social entrepreneurship benefits developing regions, small and medium enterprises, and low-income communities.

Readers:

This handbook of research is a pivotal reference source for professionals, academics, and graduate-level students in the fields of economics, business administration, sociology, education, politics, and international relations.
