

Optimizing Open and Distance Learning in Higher Education Institutions

Part of the Advances in Educational Technologies and Instructional Design Book Series

Umesh Chandra Pandey (Indira Gandhi National Open University, India) and
Verlaxmi Indrakanti (Anand Vihar College for Women, India)

Description:

Technology has broadened learning opportunities for students in the modern age. No longer limited by proximity and location, learners can utilize online education environments to attain their advanced degrees.

Optimizing Open and Distance Learning in Higher Education Institutions is a pivotal reference source for the latest scholarly material on the development of e-learning programs and other technologies in university settings. Highlighting numerous topics such as quality assurance, learning measurement, and skill training, this book is ideally designed for administrators, teachers, academics, researchers, and professionals interested in emerging trends for open and distance education.
