## Description:

Organizations rely on annual reports to communicate their value and create a sense of corporate community. Assessment of these communications is integral in determining the amount of relevant information disclosed.

**Global Perspectives on Frameworks for Integrated Reporting: Emerging Research and Opportunities** is a critical scholarly resource that examines the characteristics of communications released by organizations, and evaluates the compliance with the model proposed. Featuring coverage on a wide range of topics such as corporate citizenship, country-specific indicators, and modeling relations, this book is geared toward academicians, researchers, and students seeking current research on the application of integrated reporting models in relevant organizations.
