## Healthcare Management and Economics: Perspectives on Public and Private Administration

Mika Markus Merviö  
(Kibi International University, Japan)

The long-standing debate on public vs. private healthcare systems has forced an examination of these organizations, in particular whether these approaches play corresponding or conflicting roles in service to global citizens.

**Healthcare Management and Economics: Perspectives on Public and Private Administration** discusses public and private healthcare organizations by gathering perspectives on the differences in service, management, delivery, and efficiency. Highlighting the impact of citizens and information technology in these healthcare processes, this book is a vital collection of research for practitioners, academics, and scholars in the healthcare management field.

### Topics Covered:

- Comparative Methodology
- Human Resource Management
- Primary Health Services
- Public-Private Healthcare Management
- Service Delivery
