

# Impact of Digitalization on Modern Visual Media

Serhat Erdem (Atatürk Üniversitesi, Turkey)

Zuhal Akmeşe (Dicle University, Turkey)

## Description:

Digitalization has transformed modern visual media, reshaping how content is created, distributed, and consumed. From HD streaming and immersive virtual reality to AI-generated visuals, digital technologies have expanded the boundaries of storytelling and audience engagement. This evolution has democratized media production, enabling creators from diverse backgrounds to share their visions while challenging traditional industry structures. As visual media continues to evolve within an increasingly connected digital ecosystem, its societal, cultural, and creative impacts are becoming more dynamic and far-reaching than ever before.

**Impact of Digitalization on Modern Visual Media** explores the profound transformations brought about by digital technologies in the media ecosystem. This book illuminates how traditional media tools integrate with digital platforms, how media content diversifies and becomes personalized, and how audiences assume a more interactive role. Covering topics such as media, digitalization, and streaming platforms, this book is an excellent resource for academics, researchers, and professionals working in media.
