

# Research, Practices, and Innovations in Global Risk and Contingency Management

Part of the Advances in Business Information Systems and Analytics Book Series

Kenneth David Strang (State University of New York, USA & APCC Research, Australia), Maximiliano E. Korstanje (University of Palermo, Argentina) and Narasimha Vajjhala (American University of Nigeria, Nigeria)

## Description:

Risk management is a vital concern in any organization. In order to succeed in the competitive modern business environment, the decision-making process must be effectively governed and managed.

**Research, Practices, and Innovations in Global Risk and Contingency Management** is a critical scholarly resource that provides an all-encompassing holistic discussion of risk management and perception, while giving readers innovations on empirical risk-contingency management research and case studies. Featuring coverage on a broad range of topics, such as contingency planning, project management, and risk mitigation, this book is geared towards academicians, practitioners, and researchers seeking current research on risk and contingency management issues.
